FSW WEEKLY · ARRIVALS & ANNOUNCEMENTS

Edition #46/2026

19 NOVEMBER 2026

Welcome to this week's FSW Weekly arrivals.

It's been another busy week of deliveries and announcements here, with fresh arrivals from some of the finest names in the hobby, forward production lists now reaching well into 2027, and collectors across Formula 1 and single-seaters, rallying, endurance and GT racing, touring cars, classics, road cars and even the world of James Bond, along with the helmets worn by the sport's biggest names, continuing to be presented with an ever-widening choice of subjects.

On the collectors' front, this week's three featured releases span three very different corners of the sport. Spark brings us the 1:43 Chevron B40 BMW of Riccardo Patrese, third in the 1977 Formula 2 Pau Grand Prix, Spark also offers the 1:18 Ford RS200 in which Kalle Grundel and Benny Melander finished third on the 1986 Swedish Rally, and Matrix completes the trio with the 1:43 Ford Cortina Super Estate in blue and white. Together they take in a future Grand Prix great earning his spurs on the streets of Pau, the finest World Championship hour of one of Group B's most fascinating machines, and the family estate car that helped put Britain on the move in the 1960s.

Our new website is live. Every model in this edition links straight to its page on grandprixmodels.com – click any picture, title or button to view and order.
